SUMMER 2023

*“To plant a garden
is to believe in tomorrow.”*

AUDREY HEPBURN

Dear Presentation Family,

Our Presentation Congregation's apostolic mission calls us to go out among the people and spread the Good News of the Gospel. We work collaboratively with others to support justice issues worldwide, promote peacemaking, protect the earth's limited resources and respond to the cry of those made poor.

Throughout this issue of Voices & Ventures, we focus on our Chapter Call to do nothing alone, highlighting ways in which our Sisters have joined others in mission. Our Presentation Family continues to grow and we are strengthened by this communal work. This past September we gathered with Presentation People from across North America, uniting together in creating a vision to carry the charism of the Congregation into the future. This included nearly 200 lay women and men together with vowed religious. Our geographical locations may be different, but we all share a **similar history, charism and mission.**

Sisters Vicky, Roxanne, Pegge and Mary

This June we celebrated our three Jubilarians who have over 215 years of combined service! We thank them for all they have done and how they continue to live the mission in their heart as they support those on the margins of society.

We continue our sustainability efforts, taking steps to explore new ways we can make a difference in our relationships with one another and with our Earth. The time continues to be now! We must step up together to make a difference for the world we want to leave to those who come after us.

As we look to what tomorrow may bring, we invite you to join us as we continue to pray and listen to where the Spirit is leading each of us. Please visit our website at presentationsisters.org to read about ways to partner with us, helping our sisters and brothers in Christ. Together may we continue to spread peace and love, welcoming people from all walks of life with hospitality, compassion and joy.

In peace and justice,

Sisters Mary, Vicky, Roxanne and Pegge

Works of *Justice*

ano Nagle often said, “There is no greater happiness in the world than to be in union.” With the mission and charism of Nano burning brightly within us and the tremendous partners joining together, we continue our work of justice and inclusion of all.

Sister Pegge Boehm receives Pax Christi Ambassador of Peace Award

Pax Christi is an arm of the international Catholic peace movement and collaborates with people from across the country to find ways to advocate and work for a more just world. This past year, Sister Pegge was recognized for her contributions toward furthering the practice of Gospel nonviolence by being named an ‘Ambassador of Peace’ by PCUSA.

Warming our Neighbors in South Dakota

We are grateful for our continued partnership with Sioux Falls Christian radio station, Life 96.5, First Premier Bank, Coffea Roasterie, Hy-Vee and NyBerg’s Ace, including their Dakota WorkWear location, in collecting over 1,000 warm winter items that were shared with others in our communities.

Lobbying in the South Dakota Legislature

Presentation Person Judy Blauwet joined Sisters Kathleen Bierre and Lynn Marie Welbig as registered lobbyists representing the Presentation Sisters in the SD Legislature. Of the 450 bills entered into the 2023 legislature, our team followed about 90, mostly in the areas of health care, taxation, and education, which also included Native American issues.

Presentation Conference Food Drive

Led by a “Dream Group” from the Conference of Presentation Sisters, Presentation Congregations across North America collected non-perishable and canned food items to share with those in need in each local community. This was an inaugural event as we imagine more ways to share experiences in the Conference.

Jubilee!

We honor these three Presentation Sisters for their combined 215 years of service to those in need. Daily, they continue living out their vocational call, working for justice, alleviating oppression and speaking out for those without a voice. We thank them for their dedication to making our world a better place for all to live.

Embracing a ***Sustainable*** and Sacred Trust

II

In March 2022, in conjunction with our Congregational Chapter of Affairs, delegates established our directions for 2022-2026. Discernment determined that we will continue building on the Chapter Calls of 2018 over the next four years. **We expressed our commitment to live into the Catholic understanding that earth and all its people are one, sacred, and interconnected and in right relationship with the Mystical Body of Christ. Where we have broken this sacred trust of unity, we ask forgiveness, seek reconciliation and celebrate restoration. Through contemplative living and dialogue, we open ourselves to the Spirit, who will lead us to see and act in new ways. As we grow into this commitment, Presentation People and others will be invited to partner with us.**

This past year has led us to live into this Chapter Call. Understanding the important work that continues to lie ahead, we have also begun to take new steps in ways we can make a difference in our relationships, including the one with our Earth.

When conducting a philanthropy study in 2021, Maximizing Excellence, LLC, heard from one donor that they receive an average of 30 pieces of direct mail a week, of which 90% ends up in the trash. Not wanting to ignore this staggering reality (possibly for many), of oversaturation and waste, we look for alternative, more eco-friendly ways of sharing our news with you.

This issue of Voices & Ventures has printed **90% fewer copies** than previous issues. We feel this is one way we can step-up and take a lead in reducing the footprint we are leaving in this world. While fewer print materials will be mailed, we are striving to keep our information even

“Human life is grounded in three fundamental and closely intertwined relationships: **with God, with our neighbor and with the earth itself.**”

more accessible in electronic formats. Information is always available on our website, Facebook, LinkedIn, YouTube and through QR codes. We know these alternative forms of communication may not be the best option for everyone, so if you, or someone you know, would prefer a hard copy of materials, we welcome the opportunity to provide this to you.

We invite you to partner with us in this justice effort to reduce, reuse and recycle to our best ability. In the years ahead, continue to watch for stories how we are

moving into intentional right relationships with our Earth, sisters and brothers, as we lean deeper into the Chapter Call. The Spirit is moving in and around us, challenging us all to think and act differently. This is our time. We pray that we can all continue to find adjustments to the way we live, work, play and pray as we remain in right relationships the way we each know best. We invite your feedback for ways we can continue to love our Earth and share meaningful stories with you. ◆

Forwarding the Legacy of *Mission*

We commit ourselves to ... widening the tent by providing contemplative, transformative formation experiences for Presentation People.

—from the 2018 mission statements for the Conference of Presentation Sisters

The Conference of Presentation Sisters began in the 1950s as a way for the Presidents of each Presentation Congregation in North America to share ideas. For 50 years, the Conference filled this supportive role for the leaders of congregations.

In the early 2000s, however, the Presidents recognized a need to expand their group and looked at new ways of collaborating in mission. From the early part of that decade, the group evolved to include additional leaders on each Congregational Leadership Team. In September 2005, this group also initiated the sponsorship of a collaborative ministry in New Orleans. One of the most significant experiences during this time was the 2006 Convergence that brought over 400 Sisters and lay associates together for a historic gathering in St. Paul, MN. This event allowed Sisters and associates to meet and share their experiences.

Since that 2006 Convergence, there have been several smaller events and projects, but none as big as the Gathering of Presentation People that was held in Sioux Falls, SD in September 2022. The planning team, which began its work in 2019, included a mix of Sisters, associates and employees working together on all aspects of the gathering. This was the first time that Presentation Sisters were joined in full participation by associates, employees and other partners in mission.

As COVID-19 pushed the event from 2020 to 2022, the Conference hosted several Zoom interactions for Presentation People to get to know one another and prepare for when they could finally be together to share in dreaming for the future. While together in Sioux Falls, participants shared in prayer, reflection, small group sharing, large group conversation and future planning. Individuals also took part in service projects and had an opportunity to get to know one another better and enjoy some fun during evening social events.

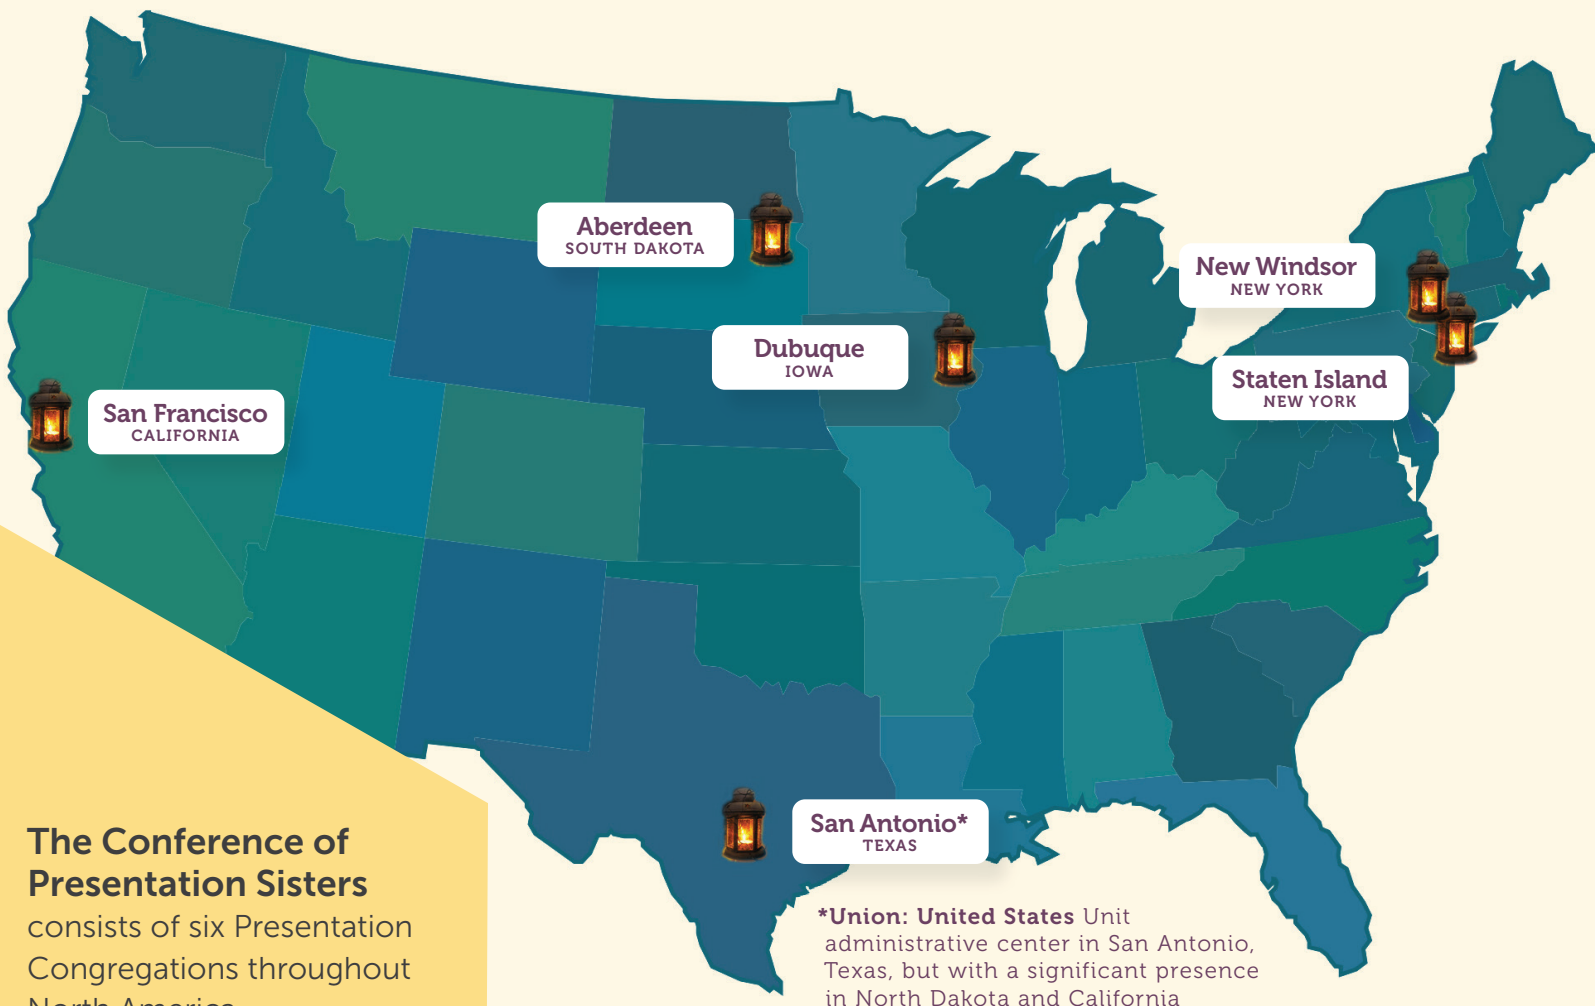

For some, the event offered an opportunity to meet in person those they had gotten to know virtually through these Zoom events. For others, it was a new experience of thinking beyond their local congregation to who we are as a Presentation

People. For all, it offered a new and deeper perspective of what it is to be a Presentation Person, to carry the charism of the congregations into the future ... lay women and men together with vowed women religious.

Aberdeen Cojourner Coordinator Carrie Hansen shares, “The dreaming about what the future could look like, while appreciating our individual and shared history, was powerful.”

On the final day of the Gathering, participants organized into several groups to address the dreams that were voiced during the event. Groups were energized as they gathered together, sharing ideas to shape these dreams and build a collaborative future. Even though attendees were

from throughout the US and Canada, there was a sense of community. Geographical locations may have been different, but all shared a **similar history, charism and mission.**

Aberdeen Presentation Sister Lynn Marie Welbig summed up how the 2022 Gathering of Presentation People helped to expand her idea of Presentation People and our interconnectedness, saying, “The enthusiasm and Nano’s spirit, especially as it is manifested in our Presentation People, was so inspiring! The legacy lives on!” 🍷

Online Learning Course

To widen the tent even further, an online learning course has been created, offering participants an opportunity to grow in their understanding of the mission and ministry of the Presentation Sisters and in their role in carrying it into the future.

Made possible through a grant from the Conrad N. Hilton Foundation, this project provides online classes through the Presentation Sisters Conference website. Online learners can register for classes in the areas of foundress Nano Nagle, history, spirituality, justice, Presentation connection and Mission. Each six-week class includes learning activities such as readings, videos, sharing through discussion forums and a Zoom conversation with other online learners.

Three class sessions will be offered in 2023 and courses are continually being developed by Presentation People across the Conference and added to the online platform. To learn more, visit pbvmconference.org and go to the PBVM People tab for online learning information.

In Loving Memory

As we say farewell to our dear Sisters, we remember them with joy. While their time with us seems all too brief, they followed the path God laid for them, and God has taken their hand to lead them home. We lift up our hearts for they received faith's reward, the fullness of life with God.
